STATE	STATE AUTHORIZATION INFORMATION	PROFESSIONAL LICENSURE OR CERTIFICATION DISCLOSURES	PROFESSIONAL BOARD LICENSURE
Alabama	MMU is authorized to operate in Alabama through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Alabama.</u>	
Alaska	MMU is authorized to operate in Alaska through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Alaska.</u>	
Arizona	MMU is authorized to operate in Arizona through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Arizona.</u>	
Arkansas	MMU is authorized to operate in Arkansas through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Arkansas.</u>	
California	As a non-profit, private institution of higher education, MMU is exempt from having to register with the Bureau of Private Postsecondary Education.	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">California Department of Public Health (Medical Laboratory Science)</a>
Colorado	MMU is authorized to operate in Colorado through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Colorado.</u>	
Connecticut	MMU is authorized to operate in Connecticut through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Connecticut.	
Delaware	MMU is authorized to operate in Delaware through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Delaware.	

<b>STATE</b>	<b>STATE AUTHORIZATION INFORMATION</b>	<b>PROFESSIONAL LICENSURE OR CERTIFICATION DISCLOSURES</b>	<b>PROFESSIONAL BOARD LICENSURE</b>
District of Columbia	MMU is authorized to operate in the District of Columbia through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in D.C.</u>	
Florida	MMU is authorized to operate in Florida through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">Florida Board of Clinical Laboratory Personnel</a>
Georgia	MMU is authorized to operate in Georgia through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Georgia.</u>	
Hawaii	MMU is authorized to operate in Hawaii through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">Hawaii State Department of Health (Medical Laboratory Science)</a>
Idaho	MMU is authorized to operate in Idaho through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Idaho.</u>	
Illinois	MMU is authorized to operate in Illinois through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Illinois.</u>	
Indiana	MMU is authorized to operate in Indiana through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Indiana.</u>	
Iowa	MMU is authorized to operate in Iowa through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Iowa.</u>	
Kansas	MMU is authorized to operate in Kansas through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Kansas.</u>	
Kentucky	MMU is authorized to operate in Kentucky through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not <u>required to work in a medical laboratory in Kentucky.</u>	

<b>STATE</b>	<b>STATE AUTHORIZATION INFORMATION</b>	<b>PROFESSIONAL LICENSURE OR CERTIFICATION DISCLOSURES</b>	<b>PROFESSIONAL BOARD LICENSURE</b>
Louisiana	MMU is authorized to operate in Louisiana through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">Louisiana State Board of Medical Examiners (Medical Laboratory Science)</a>
Maine	MMU is authorized to operate in Maine through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Maine.	
Maryland	MMU is authorized to operate in Maryland through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Maryland.	
Massachusetts	MMU is authorized to operate in Massachusetts through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Massachusetts.	
Michigan	MMU is authorized to operate in Michigan through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Michigan.	
Minnesota	MMU is authorized to operate in Minnesota through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Minnesota.	
Mississippi	MMU is authorized to operate in Mississippi through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Mississippi.	
Missouri	MMU is authorized to operate in Missouri through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Missouri.	
Montana	MMU is authorized to operate in Montana through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">Montana Board of Clinical Laboratory Science Practitioners</a>

<b>STATE</b>	<b>STATE AUTHORIZATION INFORMATION</b>	<b>PROFESSIONAL LICENSURE OR CERTIFICATION DISCLOSURES</b>	<b>PROFESSIONAL BOARD LICENSURE</b>
Nebraska	MMU is authorized to operate in Nebraska through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Nebraska.	
Nevada	MMU is authorized to operate in Nevada through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">Nevada Division of Public &amp; Behavioral Health (Medical Laboratory Science)</a>
New Hampshire	MMU is authorized to operate in New Hampshire through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in New Hampshire.	
New Jersey	MMU is authorized to operate in New Jersey through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in New Jersey.	
New Mexico	MMU is authorized to operate in New Mexico through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in New Mexico.	
New York	MMU is authorized to operate in New York through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">New York Office of the Professions (Medical Laboratory Science)</a>
North Carolina	MMU is authorized to operate in North Carolina through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in North Carolina.	
North Dakota	MMU is authorized to operate in North Dakota through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">North Dakota Board of Clinical Laboratory Practice</a>
Ohio	MMU is authorized to operate in Ohio through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Ohio.	

STATE	STATE AUTHORIZATION INFORMATION	PROFESSIONAL LICENSURE OR CERTIFICATION DISCLOSURES	PROFESSIONAL BOARD LICENSURE
Oklahoma	MMU is authorized to operate in Oklahoma through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Oklahoma.	
Oregon	MMU is authorized to operate in Oregon through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Oregon.	
Pennsylvania	MMU is authorized to operate in Pennsylvania through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Pennsylvania.	
Rhode Island	MMU is authorized to operate in Rhode Island through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Rhode Island.	
South Carolina	MMU is authorized to operate in South Carolina through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in South Carolina.	
South Dakota	MMU is authorized to operate in the State of South Dakota.	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in South Dakota.	
Tennessee	MMU is authorized to operate in Tennessee through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">Tennessee Medical Laboratory Board</a>
Utah	MMU is authorized to operate in Utah through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Utah.	
Vermont	MMU is authorized to operate in Vermont through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Vermont.	

<b>STATE</b>	<b>STATE AUTHORIZATION INFORMATION</b>	<b>PROFESSIONAL LICENSURE OR CERTIFICATION DISCLOSURES</b>	<b>PROFESSIONAL BOARD LICENSURE</b>
Virginia	MMU is authorized to operate in Virginia through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Virginia.	
Washington	MMU is authorized to operate in Washington through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Washington.	
West Virginia	MMU is authorized to operate in West Virginia through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification.	<a href="#">West Virginia Office of Laboratory Services</a>
Wisconsin	MMU is authorized to operate in Wisconsin through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Wisconsin.	
Wyoming	MMU is authorized to operate in Wyoming through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in Wyoming.	
Other US Territories	MMU is authorized to operate in Puerto Rico and the US Virgin Islands through mutual participation in the State Authorization Reciprocity Agreement (SARA).	The institution has not made a determination that the curriculum meets the state educational requirements for licensure or certification in Puerto Rico. The MMU curriculum prepares students to take the national certification exam administered by the American Society for Clinical Pathologists (ASCP). State licensure or certification is not required to work in a medical laboratory in the U.S. Virgin Islands.	<a href="#">Puerto Rico Medical Technology Board of Medical Examiners</a>
